## PROFILE

Hi, I am Gökhan. I was born in Istanbul in 1998. I graduated from Marmara University's Computer Programming Department in 2018. I have experience in the design, installation, testing, and maintenance of software systems.

As a developer who has gained the ability to effectively self-manage and collaborate as part of a productive team during independent projects, I continue to improve myself in various platforms, languages, and systems.

## EDUCATION

- Bachelor Degree Sep.2018 - Jun.2025  
Anadolu University
  - Management Information Systems
